Disclaimer

Certain statements in this presentation constitute forward-looking statements or forward-looking information within the meaning of applicable securities laws (“forward-looking statements”). Such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results, performance or achievements of complon, or developments in complon’s business or in its industry, to differ materially from the anticipated results, performance, achievements or developments expressed or implied by such forward-looking statements. Forward-looking statements include all disclosure regarding possible events, conditions or results of operations that is based on assumptions about future economic conditions and courses of action. Forward-looking statements may also include any statement relating to future events, conditions or circumstances. complon cautions you not to place undue reliance upon any such forward-looking statements, which speak only as of the date they are made. Forward-looking statements relate to, among other things, changes in the ECM market; the market focus of complon, complon’s revenue mix and margin targets; complon’s operations priorities; and complon’s strategy for its products and solutions. The risks and uncertainties that may affect forward-looking statements include, among others, the completion and integration of acquisitions, the possibility of technical, logistical or planning issues in connection with deployments, the continuous commitment of complon's customers, demand for complon's products and other risks detailed from time to time in complon's filings with regulators, including complon's Annual Report. Forward-looking statements are based on management’s current plans, estimates, projections, beliefs and opinions, and the Company does not undertake any obligation to update forward-looking statements should assumptions related to these plans, estimates, projections, beliefs and opinions change.
